Flood Alert/Warning received from Environment Agency or Weather warning issued by MET Office via website, local weather reports or app

FLOOD ALERT

Flooding is possible
Stay vigilant and make early preparations for a potential flood.

Monitor the situation. Check weather forecast and river levels, listen to local radio.

Locate flood kit, check it is complete and ready if needed.

Check reverse of sheet is completed and you know what to do if the situation gets worse.

Ensure that your Property Level Protection is in working order and ready to install

No longer in force

Still in force/ escalated

Stand down.

FLOOD WARNING

Flooding is expected.
Immediate action is required to protect yourself and your property.

Continue to monitor the situation.

Move valuables, important documents, electrical equipment and furniture upstairs or to a high place.

Hang curtains over rails, roll up rugs and carpets and move upstairs.

Deploy Property Level Protection e.g. air brick covers, door barriers.

Ensure family neighbours and vulnerable people are alerted and pets moved to safety

Move vehicles to high ground out of the flood risk area.

SEVERE FLOOD WARNING

Severe flooding is expected.
Significant risk to life and property. Prepare to evacuate and cooperate with emergency services.

Check on vulnerable family, friends and neighbours.

If safe to do so, turn off utility supplies (see reverse of this sheet).

Continue to monitor the situation using Floodline, local radio stations.

Evacuation is likely. Gather your flood kit and cooperate with the emergency services.

Ring 999 if you are in immediate danger.

If you live in an area where flash floods occur there can be very little warning so it is best to be as prepared as possible at all times.
